Frequently Asked QUESTIONS

Q Do I need to pay a deposit?

A When a client doesn't show up for a shoot it costs the photographer time, effort, and often the upfront costs of hosting the session. This is why it is customary to pay a deposit. Mine is equal to 25% of your projected cost.

Q Why are professional photographers so

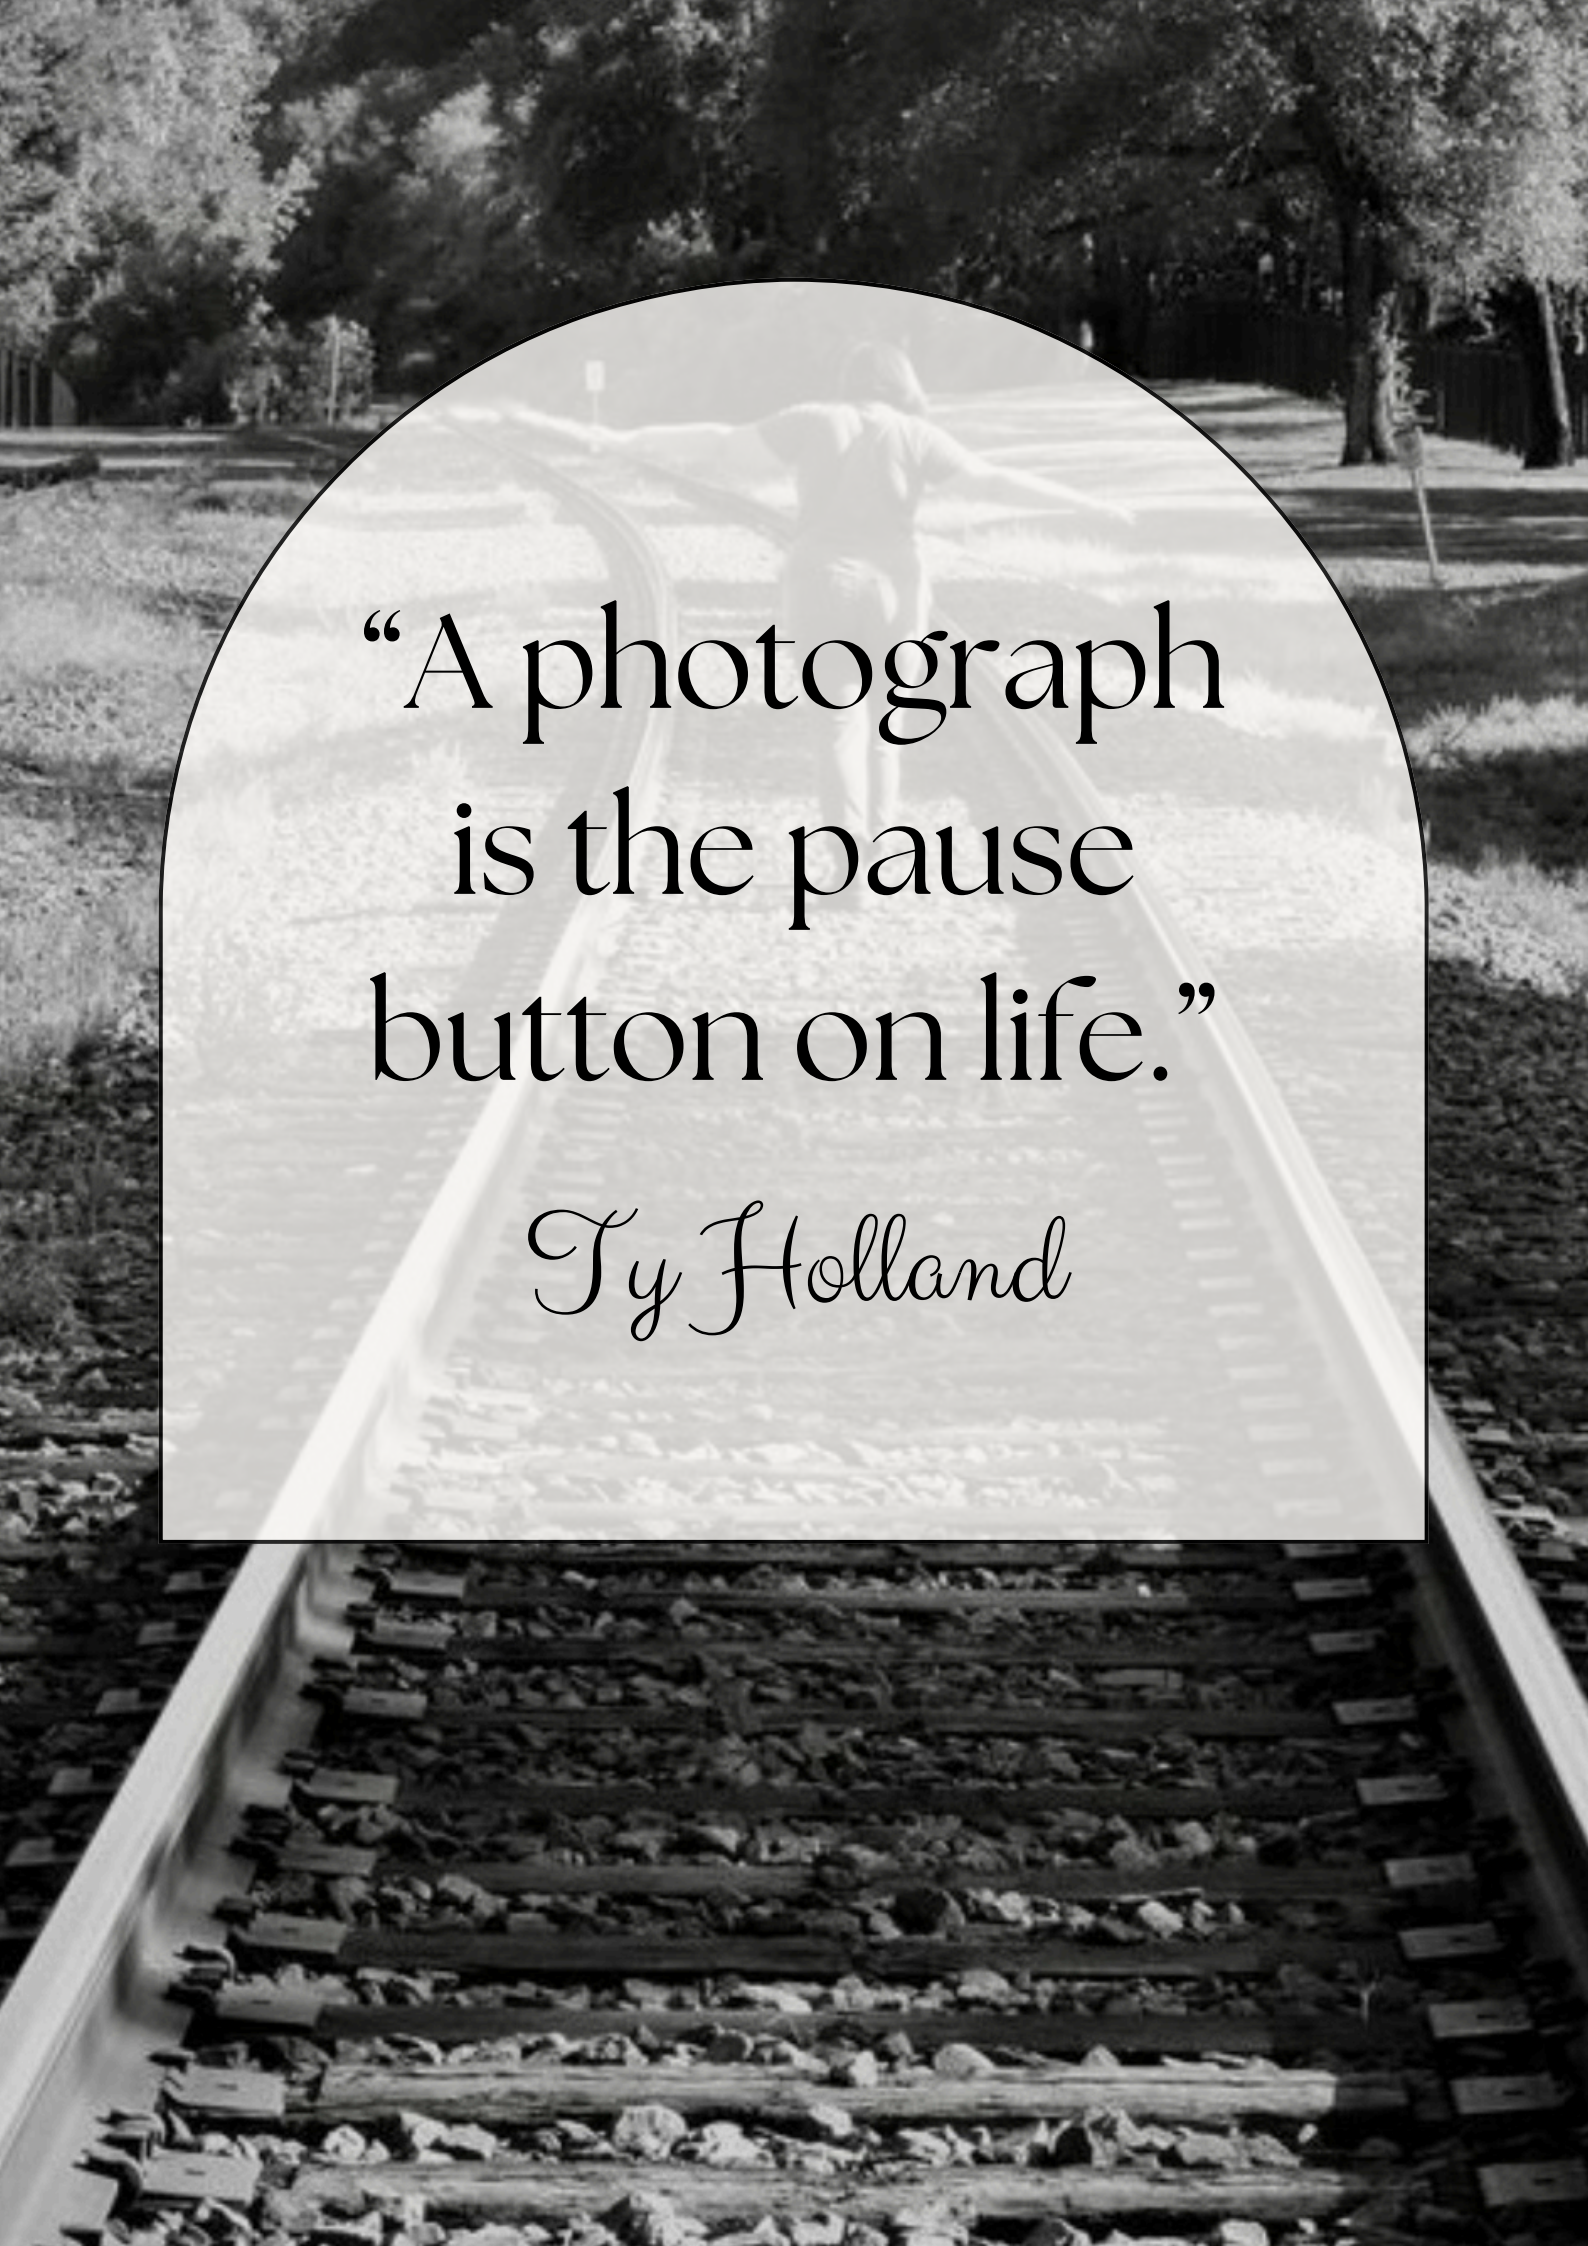

A A lot of work goes in behind the scenes that must be accounted for in pricing. For every hour spent shooting photos, there is 3-5 hours of work in marketing, editing, processing, and sourcing props.

Q When is my payment due?

A Your deposit is due within 72 hours of scheduling. If payment is not received in time, your slot will go back up for grabs. The remaining balance is due at the start of your session.

Q Do you ever offer discounted rates?

A Follow me on social media. That is where most offers and promotions are shared. I also offer customer loyalty savings, referral incentives, non-profit organization discounts, and mini sessions.

A black and white photograph of a person standing on a railroad track with arms outstretched, framed by a semi-circular overlay. The person is in the center of the frame, with their arms spread wide. The railroad tracks lead from the bottom of the frame towards the person and then curve slightly to the right. The background shows a grassy area and trees. The text is overlaid on the semi-circular area.
